

## FERRET PRICE LIST

### WELFARE BENEFITS

#### **FERRET ucFORWARD**

The first benefits advice tool that brings together an accurate, simple assessment of a client's current entitlement to benefits and tax credits with an assessment of their situation under the new benefits schemes including Universal Credit and the new Pension Credits scheme.

Annual charge **£95.00**

#### **FERRET ucMOBILE**

The ucForward welfare benefits calculation system installed on a Windows 8.1 tablet to provide the perfect mobile solution for combined calculations under both the current and Universal Credit schemes. Full Windows 8.1 tablet includes Office 365 for 1 year. Prices of tablets are constantly changing and Ferret will supply appropriate tablets for specific needs of customers at our cost price.

Windows 8.1 Tablet **£POA**  
Annual charge **£95.00**

#### **FERRET Fintal 2**

The new generation of Ferret's industry standard Equity Release advice tool. Combines comprehensive means tested benefits and tax assessments with advanced impact assessments of equity release schemes for clients. Full graphical and tabular reports enable advisers and clients to immediately understand the impacts of their potential Equity Release choices.

Annual charge **£145.00**

#### **FERRET pensionForward**

The essential tool for those advising under the new pensions freedoms. Combines comprehensive means tested benefits and grants tax assessments with detailed assessments of the impact of taking capital or income from pension schemes. Full graphical and tabular reports enable advisers and clients to immediately understand the impacts on overall income of their options for making use of their pension savings.

Annual charge **£145.00**

#### **FERRET incomeForward**

incomeForward brings together the Equity Release and pensions calculations from Fintal 2 and pensionForward into one integrated product.

Annual charge **£185.00**

#### **FERRET FERRCALC**

PC based quick calculator for experts. Calculates means tested benefits, tax credits and pension credits.

Annual charge **£65.00**

#### **WEBBEN / WEBBEN PRO / NON MEANS TESTED BENEFITS**

Modular web based welfare benefits calculations and information for use directly by citizens or advisers.

**Price on Application**

### WELFARE REFORM SOLUTIONS

#### **BEAT THE CUTS!**

This is a package of products and services designed to allow local authorities to 'flood' their area with benefits awareness, knowledge and assessments. Includes welfare benefits software, e-learning and benefits review/reassessment web service.

**Price on Application**

#### **FERRET'S FUTURE BENEFIT MODEL (FFBM)**

The FFBM is a sophisticated tax-benefits model designed to analyse the effects of changes in the benefits system over a rolling five year horizon. The model has been widely used by local government, housing associations, academics and the third sector.

**Price on Application**

**STRATI** Ferret's web services benefits calculation solution. It allows individual or bulk assessments, reviews or reassessments to be carried out quickly and easily.

**Price on Application**
